OIL, GAS & MINING

ANNUAL REPORT OF MINING OPERATIONS

The informational requirements of this form are based on provisions of the Mined Land Reclamation Act, Title 40-8, Utah Code Annotated 1953, as amended, and the General Rules as promulgated under the Utah Minerals Regulatory Program. An operator conducting mining operations under a Notice of Intention must file an annual operations and progress report (FORM MR-AR) with the Division.

I. GENERAL INFORMATION

1. Report Time Period: From (mo./yr.) 1/88 To (mo./yr.) 12/88
2. DOGM File Number (original notice): M / 027 / 008
3. Mine Name: Sevier Dry Lake Project
4. Mineral(s) Mined: Potassium Sulfate, Salt, Brine (development)
5. Name of Operator or Company: Crystal Peak Minerals Corporation
6. Permanent Address: PO Box 100  
Milford, Utah 84751
7. Company Representative (or designated operator):  
Name: Larry Sower  
Title: General Manager, Utah Operations  
Address: PO Box 100 Milford, Utah 84751  
Phone: 801-387-5542

☐ Please check if any of the above information has changed since previous year.

II. MINING AND RECLAMATION

1. Was the mine active during the past year? Yes ☒ No ☐
2. If active, how much ore or mineral was mined? 1110 tons Salt Brine

3. Briefly describe any new or additional surface disturbances that occurred during the past year. This description should include the type of work performed, volume of material moved, and the acreage affected.

During 1988 CPMC completed 20,000 feet of pond berms and 31,000 feet of brine collection ditches. Work required an estimated excavation of 300,000 cubic yards of lake bed clays. Total new surface disturbance during 1988 was 56.0 acres all of which was on the barren lake bed.

4. Briefly describe the reclamation work performed during the past year. This description should include acreage reclaimed, methods employed, and an evaluation of the results.

The borrow pit permitted under the 1987 Mining Plan has been sloped and reseeded. Results to date on the six acre site are encouraging.

5. What was the total unreclaimed acreage at years end? 76 acres of which 68 acres are on the lake bed

6. Briefly summarize mining and reclamation planned for the upcoming year.

Planned 1989 construction activities include the continuing expansion of the solar pond complex and the construction of a salt wash and stockpiling facility as detailed in the submitted 1989 Mining Plan. No new reclamation work is scheduled during 1989.

NOTE: Section III., "Additional Information" applies only to large mining operations.

### III. ADDITIONAL INFORMATION

1. An updated surface facilities map should be attached if there have been significant changes since the previous map was submitted.  
Map submitted with 1989 Mining Plan
2. Any monitoring results or other reports that are required under the terms of the approved notice of intention should also be attached.  
None

### IV. SIGNATURE REQUIREMENT

I hereby certify that the foregoing is true and correct.

Signature of Operator:

Larry Sower

Name (Typed or Print):

Larry Sower

Title of Operator:

General Manager, Utah Operations
